TEAM BUILDING AT TREERUNNER

ARE YOU LOOKING FOR AN INCREDIBLE TEAM BUILDING EXPERIENCE?

TreeRunner Grand Rapids can help your group improve leadership skills, enhance problem solving and communication, build trust, and encourage group cohesion. Based on your completed questionnaire, our facilitators will customize group activities specifically tailored to meet your group's needs.

TreeRunner offers 2 Team Building packages that are designed to identify and improve weaknesses as well as enhance existing strengths.

Option 1 - Team Bonding: A facilitator will conduct challenging ground initiatives to encourage group cohesion, trust, and communication. Following the debrief, your group will get harnessed and continue into the treetops to experience our park on their own. ($7 add-on)

Option 2 - Team Development: Customized facilitator-led ground initiatives and a debrief, followed by a supervised climb. Your group will be up in the trees and given skill-based challenges by a facilitator from the ground. Everyone is involved, even non-climbers! ($9 add-on)
