Juice Plus+ Ingredients

Farm Fresh Nutrition

FROM FARM TO CAPSULE, HOW JUICE PLUS+ IS MADE

FARM FRESH NUTRITION

Juice Plus+ starts with farm fresh nutrition. Each capsule and chewable is the product of high-quality plants and seeds, well-cultivated fields and orchards, and the best fruit and vegetable farmers. After our fruit and vegetable varieties are grown, harvested, cleaned, juiced, and dried, they are blended into nutritious Juice Plus+ products that are part of a healthy diet.

Want to know where your Juice Plus+ nutrition comes from? See [How Juice Plus+ is Made](#).

FAMILY FARM GROWN

Locally Grown Fruits and Vegetables for the Best Quality Nutrition

We start with farm fresh produce – the highest quality fruits and vegetables we can find. We work wherever possible with midsize family farms run by some of the best fruit and vegetable farmers in North America, which helps us provide the best quality nutrition. We inspect farming operations – from the process of handpicking to the natural control of weeds and insects – to make sure we deliver the best quality nutrition so you and your family can experience the healthful benefits of Juice Plus+.

FRUITS & VEGETABLES

MIDSIZE FAMILY FARMS

CAREFULLY PRESERVED

We Carefully Preserve them after Harvest For The Best Nutrition

Fruits and vegetables lose much of their nutritional content when they're picked early and shipped long distances. We solve that problem by locating our juicing and drying facilities as close to our farmers as possible. Where that's not close enough, we utilize a process called Individual Quick Freezing (IQF) to ensure the freshness of each fruit and vegetable.

Once the produce has been harvested and cleaned, it goes through our proprietary Juice Plus+ juicing and drying process.

- We start with whole food.
- We juice the whole fruit or vegetable, including peels, leaves and seeds, whenever possible to harvest the greatest amount of nutrients.
- We don't shortcut the drying process, like others do.

NSF CERTIFIED

Expert-Tested and Expert-Approved To Ensure The Best Nutrition

Careful testing and independent experts ensure the natural purity of our finished products. Juice Plus+ is produced at state-of-the-art facilities that meet or exceed highest food industry standards for blending, encapsulating, and packaging. Our standards are reviewed and our facilities inspected by NSF the public health and safety company. Not-for-profit NSF also inspects and certifies our products, as confirmed by the NSF seal on every Juice Plus+ bottle or pouch. As NSF-certified products, all Juice Plus+ products undergo independent testing that ensures they meet and exceed strict guidelines and deliver only the best quality nutrition.
