

Bio-Identical Hormone Fees

(Fees as of JANUARY 2015)

We have found that insurance companies vary tremendously in reimbursing patients for bio-identical hormones using pellets. Additionally, our providers are not Medicare, PPO or HMO providers. **For these reasons, we do not guarantee that your insurance company will reimburse you for your treatment.** Upon request, we can provide you with an itemized receipt after your appointment listing the codes you will need in order to submit a reimbursement claim to your insurance company.

You will be responsible for payment in full at the time of your procedure.

Consult only fee (no insertion): \$100

Initial Insertion Fee (includes consultation, insertion fee and cost of pellets):

*Average female fee is \$340.-\$370.

*Average male fee is \$580.-\$700.

Booster Insertion Fee (5-7 weeks after the initial insertion):

*Average female fee is \$185.

*Average male fee is \$285.

Female Maintenance Insertion Fee (approximately every 3-4 months):

*Average female insertion fee is \$270.

Male Maintenance Insertion Fee (approximately every 4-6 months):

*Average male insertion fee is \$480-\$600.

****Actual fee is dependent on the number of pellets inserted****

We accept the following forms of payment:

MasterCard, Visa, Discover, American Express, Care Credit, Health Savings Account (HSA) debit card, Personal Checks and Cash.
