Tenant Pest Control Notification

AmeriGuard Pest Defense will be treating around the outside and/or inside of your home on________, between_______am/pm.

If the inside of your unit is to be treated for cockroaches, please;

• Empty out all kitchen and bathroom cabinets, and any other drawers or closets in which the roaches have been seen. After re-entry, please make sure to clean all surfaces which will come in contact with food, and clean off bottom surface of cabinets. Backs and sides can be left as is.

• Please be prepared and ready before technician arrives, and please be prepared to be gone for a **minimum of 3 hours** or until chemical is completely dry. Please make sure pets, people with breathing issues, and children do not re-enter before another person makes sure it is dry and free of odors.

• Please do not leave any **food, grease, or beverages** out at night. It is important for clean sanitation practices in order to completely eliminate roach infestations.

For treatment of all other general pest (ants, spiders, crickets, earwigs, etc)

• Remove as much away from the area of infestation

• Clear away baseboard areas throughout home

• Follow **same re-entry rules** as noted for roach infestation

If there are any questions or uncertainty, please contact your manager or AmeriGuard. Please do not use any at home pest control products for a minimum of 45 days after any application is made by us.

Thank you very much. Always remember safety is always first, so it is important to never ignore these guidelines.

**Chemicals which will or may be used are:** (Bifenthrin), (chlorfenapyr), (fipronil), If a product not listed here is used, it will be noted at the time of service.

**In case of poisoning or any medical emergency contact 911.** (Keep this sheet as a reference)
