

# BECOME An Advanced SCUBA DIVER

## Aqua Zone's PADI Advanced Open Water Diver Course

That's what the PADI Advanced Open Water Diver course is all about. You don't have to be "advanced" to take it – it's designed to *advance* your diving, so you can start right after earning your PADI Open Water Diver certification. The course helps build confidence and expand your scuba skills through different Adventure Dives. You try out different specialties while gaining experience under the supervision of your PADI Instructor.
