THURSDAY

Choice Time | Games | Gardening | Animals | Snack |
Music | Art | Lunch | Sports | Park | Snack

FRIDAY

Choice Time | Music | Science | Animals | Terrace | Lunch | Art | Sports | Park | Snack

Animal Lesson | Art Farm educators will bring live animals to the classrooms for an animal science lesson every day. The children will have the opportunity to hold and pet the animals as well.

Art | Campers will create themed arts and crafts while exploring all types of mediums.

Cooking | During cooking the children will learn to measure, cook and stir with our very own chef! All of the lessons are vegetarian, and encourage healthy eating choices. Campers will take their goodies home to eat, enjoy & share!

Lunch | Campers will eat lunch with their class in the cafeteria or on the terrace. Campers can choose to bring in a nut-free lunch from home or buy a lunch from us. We will provide a morning and afternoon snack.

Music | Music teachers will lead the campers in a music class with live guitar, instruments, singing, dancing & more!

Science | During science the children will observe and participate in many different science activities & experiments.

Sports & Active Play | We have access to a wonderful indoor space that will be utilized for soccer, yoga, games, team building exercises and more lead by our sports specialist! Campers will also utilize local play grounds.

Terrace Gardening & Play | During gardening, we will plant herbs and small vegetables for cooking lead by our gardening specialist. We will also use the space for water games, bubbles, sidewalk chalk and other physical activities.

Swimming | Swimming will take place 2 times a week at The 92nd St. Y. If your child is enrolled 5 days a week, they will have two days of swimming. If your child is enrolled for 2 or 3 days a week, they will have one day of swimming. The program is run by Red Cross trained swim instructors. Swim instructors will assess all children the first day of swim to determine their ability ranging from beginner to pro.
