WEDNESDAY

Mad Science | Animals | Gardening | Lunch | Swim | Snack

THURSDAY

Electives | Music | Gardening | Animals | Lunch | Swim | Park | Snack

FRIDAY

Electives | Terrace Activities | Animals | Lunch | Sports | Music | Park | Snack

Animal Lesson | Art Farm educators will bring live animals to the classrooms for an animal science lesson every day. The children will have the opportunity to hold and pet the animals as well.

Art | Campers will create themed arts and crafts while exploring all types of mediums.

Cooking | During cooking the children will learn to measure, cook and stir with our very own chef! All of the lessons are vegetarian, and encourage healthy eating choices. Campers will take their goodies home to eat, enjoy & share!

Lunch | Campers will eat lunch with their class in the cafeteria or on the terrace. Campers can choose to bring in a nut-free lunch from home or buy a lunch from us. We will provide an afternoon snack.

Music | Music teachers will lead the campers in a music class with live guitar, instruments, singing, dancing & more!

Mad Science | We are thrilled to offer the exciting world of Mad Science to our older campers. We partnered with Mad Science the world's leading provider of Fun Science for children. Their interactive programs include a blend of education, hands on experiments, along with entertainment, guaranteeing that children have a great time while they learn. Campers will participate in science themes such as "Crazy Chemworks", "Phreaky Physics" and more.

Sports & Active Play | We have access to a wonderful indoor space that will be utilized for soccer, yoga, games, team building exercises and more lead by our sports specialist! Campers will also utilize local play grounds.

Terrace Gardening & Play | During gardening, we will plant herbs and small vegetables for cooking lead by our gardening specialist. We will also use the space for water games and other physical activities.

Swimming | Swimming will take place 2 times a week at the 92nd St. Y. If your child is enrolled 5 days a week, they will have two days of swimming. If your child is enrolled for 2 or 3 days a week, they will have one day of swimming. The program is run by Red Cross trained swim instructors.

Electives | Campers will participate in electives where they can customize their day and choose from jewelry making, scrapbooking, drama, sports, engineering and more.
