A FEW TIPS IF YOU HAVE DAMAGE

- Act fast! With most insurance companies you have 12 months to fix your roof and be paid, if you miss it, that money is GONE.
- If your insurance company isn't allowing for paint, get your home reinspected with an expert present. Quite often if the roof is damaged, your paint is damaged.
- Home upgrades that require attic access are MUCH cheaper during a re-roof, you can save \$\$\$ on insulation and ventilation upgrades.
- Roof replacement with a high end upgrade is partially paid by insurance and can increase your home's value and may even cut your insurance premium by 25%.
