## LOYALTY

“Loyalty is standing by a person or idea no matter what happens”

We need to know that we can count on our friends and family to stand by us even in the tough times. This is Loyalty. Standing by your friends means that you help them when they need you. It means when others are saying bad things about them, we defend them. Loyalty is showing that no matter what, you will help your friends and family.

**Homework:**

When talking about Loyalty, remember DOT. **D**ependable so our friends know they can count on us no matter what, **O**bedient to our parents and authority figures, and **T**rustworthy so that everyone knows we will follow through on what we say we will do.

Give examples of how you show Loyalty through being:
