HOW IT WORKS

AIRFLOW

AwG-15

AwG-H15

CLEAN DRINKABLE WATER

MODEL AWG-H15 SHOWN:

Run Power:	17.5 kW	Height:	70"	178 cm
Humidity Range:	30-100%	Width:	48"	122 cm
24hr. Capacity:	240 gallons	Length:	58"	147 cm
:	912 Liters		

Sophisticated, durable, yet simple, our water generators preserve nature's elements while creating pure water from filtered air.

THE AWG-H series produces and purifies water by:

- · Converting natural vapor into Water

- · Saving the aquifer

Quench Innovations
Water from air

Quenching Thirst Globally!!
...through Innovation

AwG global quest has begun, but are we serving you, our Florida neighbor?
Quench Innovations distribution team is here to oversee and process your water needs first, then to more of the Globe with you onboard using AwG water!

AWG-H SERIES WATER GENERATOR

We develop & offer a variety of custom made models to meet your needs, ranging from 16 to 10,000 gallons per day

You, your staff and patients must have clean water to stay alive!

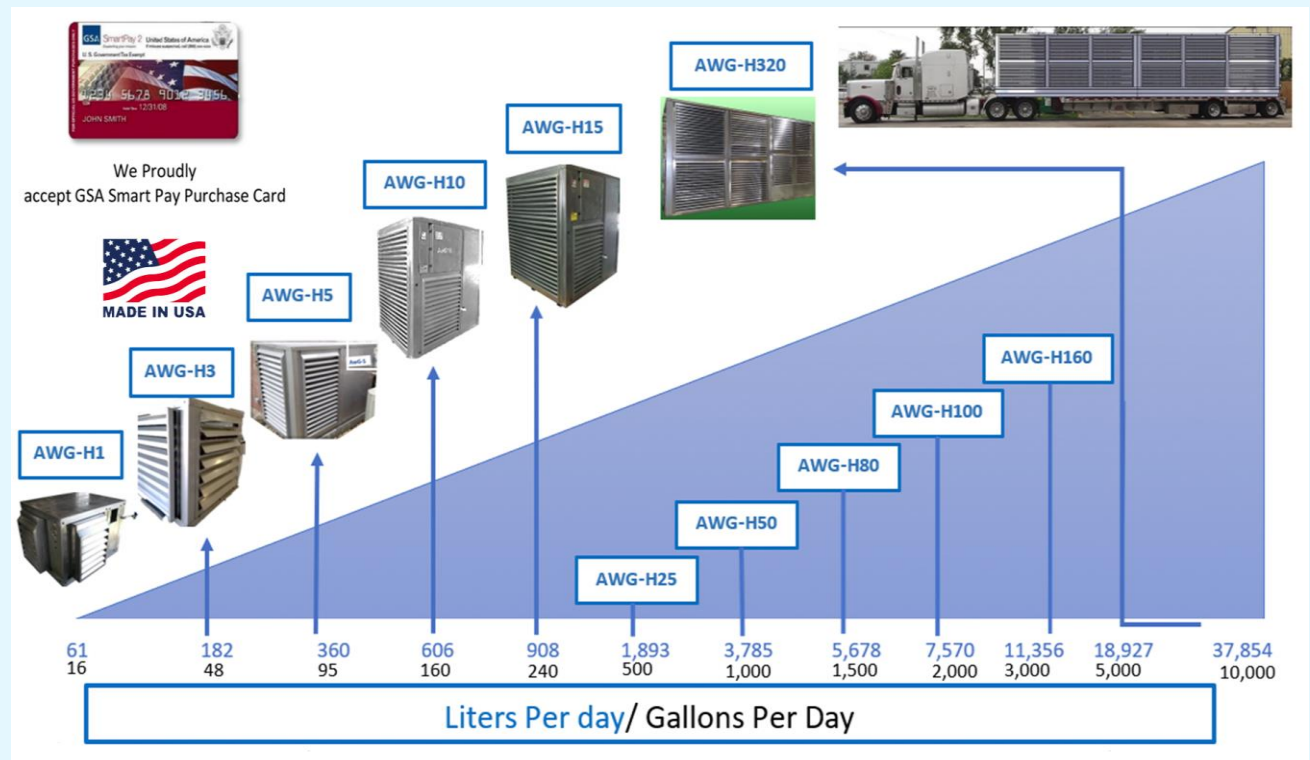

What We Are All About

Quench Innovations delivers high-quality Water Generators - first to our neighbors, then on to the Globe:

> **Quenching Thirst Globally!**

AwG units harvest invisible humidity, turning it into water for drinking or industrial needs.

Sustainable Water Supply of the future is available NOW

Your AwG investment Today will feel very insightful tomorrow with expected production life of 2 to 3 decades
