

BOYS & GIRLS CLUBS
OF LARIMER COUNTY

<p><u>Cooking Challenge</u></p> <p>Supplies: cooking supplies</p> <p>Age: 10+</p>	<p>Activity: Cooking with your child is an excellent way to practise and talk about key maths skills – measuring and weighing ingredients together, talking about fractions when you are cutting up a cake. Best of all, you both get to enjoy a tasty treat at the end!</p> <p>Here's the challenge!</p> <p>The goal is to create 3 different dishes, take photos of them all and show us at the Club when we return.</p> <p>Dish 1: Something you have never made before. Don't be afraid to ask for help, and be creative, remember this is a competition.</p> <p>Dish 2: Cook dinner for your family. Make your favorite meal and make sure to set up and clean up because you are the chef. Take photos over the prep, the cooking itself, and the final product.</p> <p>Dish 3: Themed dish! Make a dish that relates to your favorite movie. I am going to make Ratatouille.</p>
--	--

<p><u>Balloon Bounce</u></p> <p>Supplies: One balloon, something to make a marking (chalk, tape or an object)</p> <p>Set Up: Mark two designated goal areas</p>	<p>Activity: The object of the game is to keep the balloon off of the floor and to score the balloon into the designated goals. You can play with as many or as few players. Each goal scored is one point for the player who scores it. If the balloon hits the floor, the person who hit it last loses a point (gives the other person another point). You can hit their balloon out of the way, each player is allowed a maximum of 3 consecutive hits until someone else touches the balloon. If more than three hits occurs a point goes to the other player.</p>
