

# The New Way to treat Neuropathy.

FDA-Cleared Technology, Safe, Painless and Requires NO Surgery

**1 OUT OF 17 AMERICANS FOUND TO HAVE NEUROPATHY SYMPTOMS**

If you are experiencing any of the following symptoms in your feet or hands, they are likely attributed to a condition called Neuropathy. Peripheral Neuropathy is a very common condition that affects 20 million Americans and once identified, can be treated using our uniquely customized treatment protocol. These common symptoms are found in 1 out of 17 Americans and can come on quickly or develop over many years of time.

This opportunity gives you an chance to sit down and explore the reality of relieving your pain. Live a normal life again and enjoy the little things you have missed out on.

- Treatment is safe, effective and requires no surgery
- Call today if you experience any degree of pain or discomfort in your legs and feet, or hands and fingers
- Start living your life pain free!

## HOW DO YOU KNOW IF YOU HAVE PERIPHERAL NERVE DAMAGE?

The following symptoms may start gradually and then get worse:

- Numbness
- Diabetic nerve pain
- Sharp electrical-like pain
- Burning or tingling
- Difficulty sleeping from leg or foot discomfort
- Muscle weakness
- Sensitivity to touch
- Pain when you walk

If you suffer from any of these symptoms, we can help!

### New FDA-Cleared treatments provide hope

Many people suffer with pain for years, not realizing that their symptoms may be due to peripheral neuropathy. Treatment options have been limited to a small assortment of pain medications, which can lead to further issues. Ignoring the problem or masking the symptoms has never been a viable solution. Puget Sound Laser Centers is pleased to offer an alternative for treating peripheral neuropathy. They use a combination of advanced FDA-cleared treatments with breakthrough technology that aid in healing damaged nerves. This treatment is designed to restore, stabilize and rebuild the nerves in your extremities. Patients generally feel progressive relief from neuropathy symptoms, as well as improved balance, stamina and confidence that lead to a more active life.

**DALE F.**  
Tacoma, WA

"THANK YOU for allowing me the opportunity to enjoy life without the almost constant pain from my neuropathy. The results have been wonderful. After just a few days, I began to notice a big difference in the way my legs felt. I started sleeping better and was able to walk better. I plan on telling everyone that I find out has diabetic peripheral neuropathy about this treatment."

### Call today and start to find relief from pain

Even with these exceptional treatments, if someone's condition has progressed too far, conservative treatment may no longer be an option and we would not be able to accept them for care. Fortunately, we are able to help most of the people who come to us suffering from chronic pain. To find out if you are a candidate for treatment, we are offering a consultation and screening evaluation free of charge. There is no obligation. This will allow us to determine whether or not we can help you. We will give you a straight answer either way. The only thing you have to lose is your pain. Due to demand we are extending this offer to the first 30 callers only. Time slots fill quickly, so call today to reserve your complimentary consultation and screening evaluation. CALL TODAY!
