

NEUROPATHY

Nerve Disorder Causes Pain for Millions of Americans

GET RID OF IRRITATING NUMBNESS AND PAIN IN YOUR LEGS AND FEET WITH FDA-CLEARED TREATMENT

There are over 100 different kinds of peripheral nerve disorders or neuropathies. Some are the results of a disease like diabetes while others can be triggered by a virus infection. Still others are the result of an injury or compression on the nerves.

No matter where the problems begin, it is imperative nerve disorders are resolved as soon as possible to prevent permanent damage.

HOW DO YOU KNOW IF YOU HAVE PERIPHERAL NERVE DAMAGE?

The following symptoms may start gradually and then get worse:

- Numbness
- Pain when you walk
- Sharp electrical-like pain
- Burning or tingling
- Difficulty sleeping from leg or foot discomfort
- Muscle weakness
- Sensitivity to touch

HEALTHY NERVE CELL

Properly processes sensory information to the brain.

DAMAGED NERVE CELL

Sends incorrect signals to the brain, from phantom pain to tingling and numbness.

WHY CHOOSE PUGET SOUND LASER CENTERS?

Puget Sound Laser Centers offers some of the most advanced non-surgical, FDA-Cleared procedures for relieving chronic pain. Our customized approach offers the latest medical technology. We offer programs and procedures that will improve your health with the utmost safety and precision. We will provide you with an accurate diagnosis and recommend a program that best fits your needs.

FREE CONSULTATION AND EVALUATION

Even with these exceptional treatments, if the person's condition has progressed too far, conservative treatment may no

longer be an option and we would not be able to accept them for care.

Fortunately, we are able to help most of the people who come to us suffering from chronic pain. To find out if you are a candidate for treatment, we are offering a consultation and screening evaluation free of charge. There is no obligation. This will allow us to determine whether or not we can help you. We will give you a straight answer either way. The only thing you have to lose is your pain. Due to demand we are extending this offer to the first 30 callers only. Time slots fill quickly, so call today to reserve your complimentary consultation and screening evaluation. CALL TODAY.

- Treatment is Safe, Easy and requires NO surgery
- Call today if you experience any degree of pain or discomfort in your legs and feet, or hands and fingers
- Start living your life pain free!

NEW FDA-CLEARED TREATMENTS PROVIDE HOPE

Many people suffer with pain for years, not realizing that their symptoms may be due to peripheral neuropathy. Treatment options have been limited to a small assortment of pain medications, which can lead to further issues. Ignoring the problem or masking the symptoms has never been a viable solution.

Puget Sound Laser Centers is pleased to offer an alternative for treating peripheral neuropathy. They use a combination of advanced FDA-cleared treatments with breakthrough technology that aid in healing damaged nerves. This treatment is designed to restore, stabilize and rebuild the nerves in your extremities. Patients generally feel progressive relief from neuropathy symptoms, as well as improved balance, stamina and confidence that lead to a more active life.
