

April is Parkinson's Disease Awareness Month

It is estimated that one million people in America are living with Parkinson's disease¹ (PD). One thing all of these people are hoping for is a cure. That's why The Michael J. Fox Foundation (MJFF) and Allstate Benefits have teamed up.

THE MICHAEL J. FOX FOUNDATION
FOR PARKINSON'S RESEARCH

Founded in 2000, MJFF is dedicated to finding a cure for Parkinson's disease through an aggressively funded research agenda and to ensuring the development of improved therapies for those living with Parkinson's today.

Allstate Benefits offers the #1 Critical Illness plan in America²—and one of the **only** plans to cover Advanced Parkinson's disease. Our Good Hands[®] help protect people each and every day.

As an Agent of Change you can:

- Make a difference in people's lives today and tomorrow
- Raise awareness about MJFF's resources
- Spread the word about the need for clinical trial volunteers
- Provide support to those living with PD
- Provide insurance coverage to those diagnosed with PD
- Help find a cure

Be an Agent of Change

There are many ways to get involved in the pursuit of a cure for Parkinson's disease. Learn how you can become an Agent of Change by visiting our co-branded site:
