

THE BLANK INDUSTRIES™ DEALER ADVANTAGE PROGRAM

Everyone at Blank Industries™ has the mindset of being your long-term, four season partner. That is why we proudly offer the Blank Industries™ Dealer Advantage Program.

The Blank Industries™ Dealer Advantage Program is designed to reward our loyal customers who purchase multiple products. We offer a 1% discount on each additional product bought during the fiscal year. *October 1st - September 30th annually.

Example: Purchase Cutting Edge® Pro Power Melt+ at the published price. Purchase an additional product and receive a 1% discount on both products for the remainder of the fiscal year. Discounts will continue to be applied, up to 5%, as you continue to purchase additional new Cutting Edge® products.

The Blank Industries™ Dealer Advantage Program only applies to full truck load (18 pallets) orders. The products on each truck load may be mixed and matched, as long as there is a minimum purchase of four pallets per product.

*The Blank Industries™ Dealer Advantage Program cannot be combined with other discounts or programs unless specifically agreed to by Blank Industries.™

*The Blank Industries™ Dealer Advantage Program is only available to existing dealers with accounts in good standing. Accounts that are “past due” will automatically be unenrolled in the program until the account is made current. Approval from management will be required before being re-enrolled. Standard terms and conditions apply.
