### **CONSENT FOR CONSULT AND TREATMENT**

I understand that providing incorrect information can be dangerous to my health. It is my responsibility to inform the Doctor's office of any changes in my medical status. I understand acupuncture treatment to involve the use of needles, acupressure, cupping, lasers and electrical stimulation, etc. Acupuncture may affect people on all levels: physical, emotional, mental and spiritual, because it works with the whole body to create balance. I fully understand that there is no stated or implied guarantee of success or effectiveness after a specific treatment or a series of treatments.
