cabinet systems 1

Why Bow Wood?

Designed to fit, built to perform

Since 1990, Bow Wood has been a progressive leader in designing and manufacturing premium cabinet systems. Our continued growth, experience and expertise gives us the capability to look after your project from the earliest design stages right through to completion.

Over the years we have built and established relationships with owners, architects, designers, and general contractors, providing a reliable and knowledgeable partner to your project requirements. Our strength is listening to what you want, and our well informed resources, expertise, and our commitment, gives you the confidence to concentrate on what you do best.

Our Vision:

We aim to lead – providing timely, effective and comprehensive cabinet systems and delivering value and satisfaction – every time.

Designed to fit.

Built to perform.

Millwork

Architectural Millwork

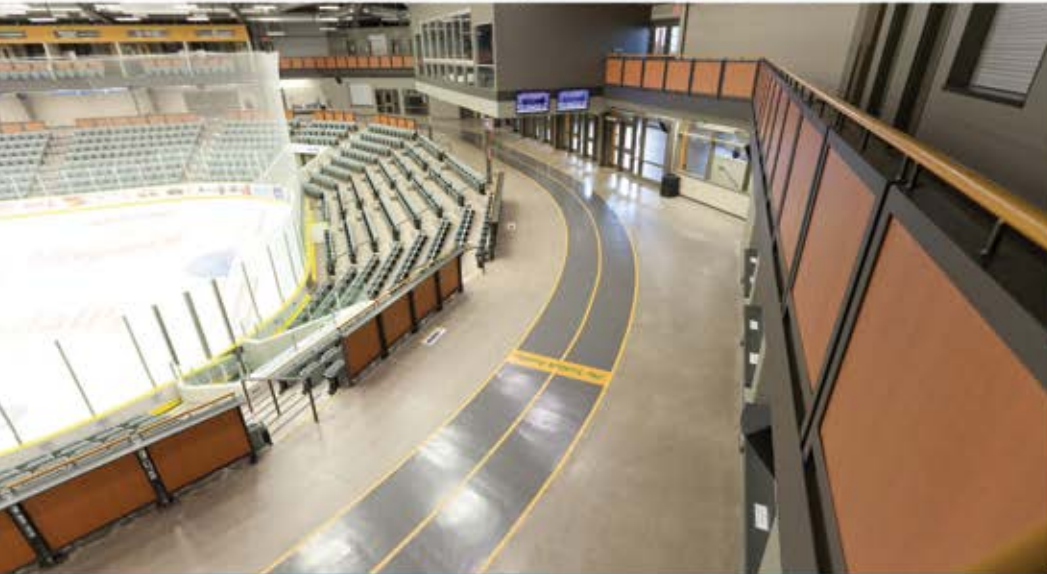

Architectural millwork needs a special skillset, and one you will find at Bow Wood. Throughout the complete cycle we pay attention to the details that ensure your project is on time and on budget. State of the art CNC technology and dedicated drafting capability produces our precision made millwork, reflecting the manufacturing excellence we constantly strive for. The pursuit of our lean journey also strengthens the continuous improvements in our processes and achievement's.

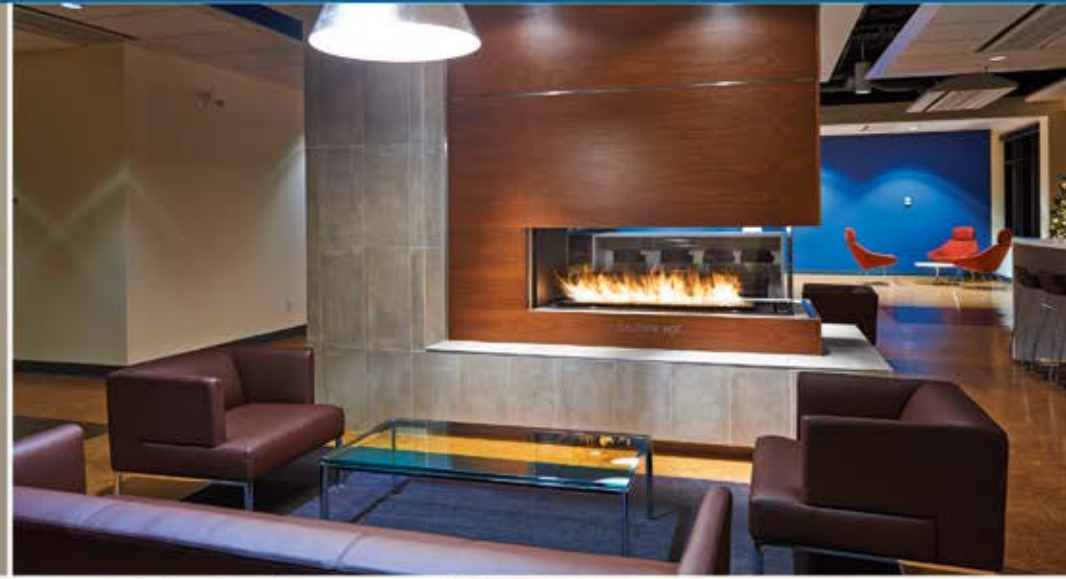

Millwork Projects

Bow Wood has completed many varied projects over the years in the professional and corporate sectors. From commercial to institutional markets, our flexibility and capabilities provide the resources to carry your project through to completion with a dedicated team to support you all the way.

Millwork Projects

Whether it be a school, hospital, medical clinic, or university, we have ideas and experience to bring forward. Equipment interfacing becomes a specialist area of concern, and Bow Wood can be part of the design team that ensures seamless completion with inspiring appearance.

Institutional Cabinetry

Dental Cabinetry

Two Ranges - A World of Ideas

Bow Wood has extensive experience with dental cabinet systems. Clearly understood as a specialist product with many additional details and construction differences, we offer two complete ranges which have been installed across the North American continent, from Alaska to Florida through dealer networks. With an unparalleled range of colours and materials to select from, our Signature and Meridian Ranges set your dental office apart, and our industry leading warranty enables you to invest with confidence in the future of your practice.
