

BrewPOS Admin Install

A recent update requires a one-time re-installation of BrewPOS Admin. The old installation will no longer run starting May 15.

If you need assistance please call our Support line at 800 676-9874. You will need your Company ID to complete the installation. This process has two steps:

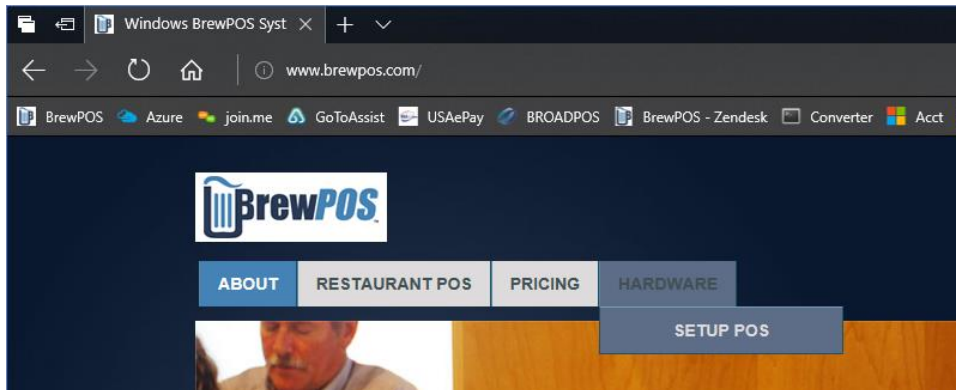

- 1) Uninstall the old BrewPOS Admin installation
- 2) Install the new BrewPOS Admin

Uninstall the old BrewPOS Admin installation

Go to Control Panel->Programs->Programs and Features. Highlight the entry for BrewPOS Admin in the list, then click on the Uninstall button on the toolbar. Select 'Remove' option and follow the prompts to finish uninstalling.

Install the new BrewPOS Admin

Open your web browser and go to www.brewpos.com. Hover over the Hardware link then click on SETUP POS:

Click on the BrewPOS Admin Download button on the right, then follow the prompts:
