Light Cove Description:

The CAP CLC-1-WM Light Cove is a 6" Radius Aluminum Composite Wall Mount System designed to receive a typical fluorescent double light fixture or LED lighting.

These Light Coves are used for both residential and commercial applications such as Apartments and Condos, Office Buildings, Casinos, School, Airports, ETC.

Stock Solid Color Series:

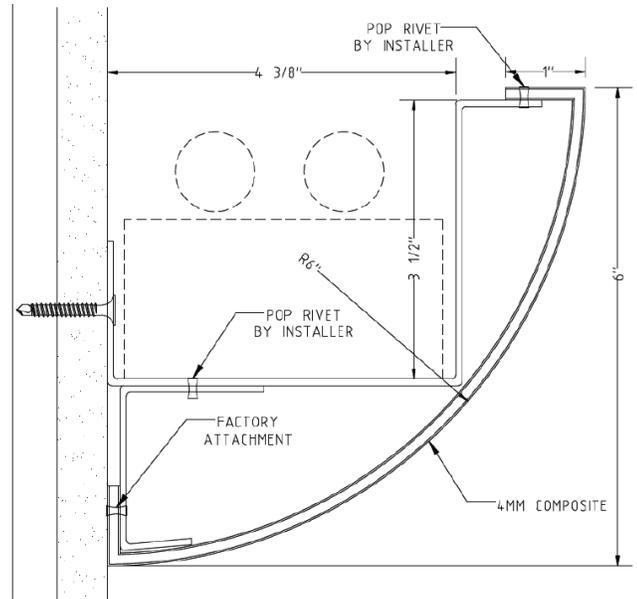

These Duranar® 2-coat colors consist of a 0.2 mil primer and a 0.8 mil color coat, for a nominal dry film thickness of 1.0 mil.

Grid of color swatches for solid colors including Regal White, Off White, Bone White, FWW White, Oyster White, Marble, Sandstone, Limestone, Cadet Grey, Charcoal, Classic Bronze, Classic Black, Marakesh Red, and Deep Sea Blue.

Aluminum Composition: - 4mm Composite, PE Core.

Available Options: - Cut to length to fit room conditions - Factory cut inside and outside miters - End Caps - Custom sizes - Fire rated Core

Samples are available upon request. CAP Industries and Alucoil® take a different approach to address a growing market trend. Contact one of our helpful staff members at CAP Industries for assistance.

CLC-1 WM Wall Mount

Stock Lengths:

Available in Primed or Pre-finished Kynar colors in 60" lengths

Stock Mica Color Series:

These Duranar® 2-coat mica colors consist of a 0.2 mil primer and a 0.8 mil color coat, for a nominal dry film thickness of 1.0 mil. Mica flakes are suspended in the color coat - giving the appearance of a metallic finish.

Grid of color swatches for mica colors including Anodic Clear, Platinum, Silversmith, Champagne Mica, Champagne Pearl, Champagne Bronze, Aged Bronze, Pewter Mica, and Medium Grey.

Stock Metallic Color Series:

These Duranar® 3-coat metallic colors consist of a 0.2 mil primer, a 0.8 mil color coat, and a 0.5 mil clear coat, for a nominal dry film thickness of 1.5 mils.

Grid of color swatches for metallic colors including Silver Metallic, Gun Barrel, Pewter Metallic, Champagne Metallic, Rustic Copper Metallic, and Bright Copper Metallic.
