

Dr. Brittany Williams, Clinic Director of the Smyrna Clinic, a Corrective Care Chiropractor, earned her Bachelor's degree in Biological Sciences at Savannah State University cum laude. She completed her Doctor of Chiropractic degree at Life University in Marietta, Ga. She has successfully completed all parts of the National Board of Chiropractic Examiners requirements, and is certified in physiotherapy. She is a dedicated member of the Georgia Chiropractic Association and the American Chiropractic Association. Dr. Brittany is also certified in Activator Method.

Her journey with chiropractic began very close to home:

"In 2009 my father suffered a spinal cord injury. As a result of this incident, our family life changed drastically. It was then that I realized that the nervous system impacted each and every function of the body. When I began school at Life University it was evident to me that the holistic model should be the standard."

She completed her Bachelor's degree in Biological Sciences at Savannah State University cum laude. She completed her Doctor of Chiropractic degree at Life University in Marietta, Ga. She has successfully completed all parts of the National Board of Chiropractic Examiners requirements, and is certified in physiotherapy. She is a dedicated member of the Georgia Chiropractic Association and the American Chiropractic Association.

Dr. Williams maintains that her experience within the chiropractic profession has been extremely enriching and rewarding. She has worked diligently treating patients with various conditions including degenerative disc disease and whiplash injury.

Dr. Williams is extremely enthusiastic and has made it a personal goal to be an asset to the community by providing all of its members with the opportunity to have optimum wellness through chiropractic and holistic care, nutrition, and wellness. She desires to create a better community, One Spine at a Time!
