### FIRST TIME CUSTOMER REFERRAL PROGRAM

To show our appreciation, we've created a special referral program just for you!

We are results driven company meaning that we know the power of referrals. We know the frustration you have when your car is out of commission so we make every effort to complete your repairs as quickly as possible but without sacrificing quality. We strive to provide an unexpected level of satisfaction so that you'll feel comfortable referring Clarke's Discount to your family and friends.

Below you will find three referral coupons good for first time customers. Simply add your vehicle's license number to each coupon so we can keep track of them in our system. Distribute these coupons to people whom you feel would benefit from our services. We will keep track of your referrals. When you reach three, we will add \$75 on account good towards any parts or services offered by Clarke's Discount or if you prefer we can send to you a check for \$75! This is our way of saying "thank you" for your referrals.

We hope you were pleased with our service and the quality of work performed. Again, thank you for your business.

Sincerely,

Terry A. Clarke, President
