Fax 970-669-4329

Dear Mike and Coe Construction Team:

It was a pleasure working with you, Mike, and the excellent team of people that had a hand in our restaurant developments at Fall River Drive, Loveland, CO and Fitzsimons, Aurora, CO. You and your staff are successful in providing the big three - Budget, Schedule, and Quality. Thank you for the excellent response and follow up services post-construction as well.

The professionalism, dedication, and expertise you and your staff demonstrated throughout both projects is commendable. I look forward to working with you again on future projects and can confidently provide a very positive reference for you and your company. Please call me anytime.

Sincerely,

Curtis White
