

COCKROACH TREATMENT PREPARATION

Treatment Date: _____

A service technician will enter your residence to treat for cockroaches.

Proper preparation is required to achieve the best results. Please follow these instructions completely. The better prepared you are, the more effective the treatment will be.

The technician will not be able to treat if other pest control products have been applied. Please do not apply other pest control products before or after professional pest control treatment.

You must leave the premises during the treatment. You must not enter the unit for at least 2 hours after treatment is completed. Those who are pregnant, have health concerns, or under the age of two years old must not return for at least 4 hours after treatment is completed.

When you reenter the residence, if possible, please open a window to ventilate for 15 minutes.

You must be prepared when the technician arrives. The technician will not be able to wait for you to prepare your residence for treatment.

1. Take everything out of your kitchen cabinets, drawers, and from under the kitchen sink.
2. Do not place items on kitchen counters, stove, kitchen floor, or in the sink. Place all items out of the way in the living room or dining room.
3. Wash shelves, drawers, and counter tops with before the technician arrives.
4. Remove all items from tops of all appliances.
5. Remove all items from bathroom medicine cabinet and under bathroom sink. Remove all items from the top of bathroom counter and sink area. Place these items out of the way in the living room or dining room.
6. Cover fish tanks and turn off air filters. Other pets must be removed for 2 hours or put in a bedroom with closed door and a folded towel on the floor in front of the door.
7. After treatment the material must dry for 2 hours. Then you may return kitchen and bathroom items to cabinets, drawers, and counters. Please do not wash inside edge areas of cabinet shelves and drawers or crack and crevices of counters after treatment is completed.
