Invite Computer Adventures and we will show up with all of our LEGO® Mindstorms NXT robot pals! During the party, you and your friends will program and customize your robots to battle head to head on our Sumo Battle board. CAUTION: Robot battles can be exciting and inspiring. Be prepared for an extraordinary amount of screaming and laughter!
For children 6 & 7 years old, 90-minute party is recommended.
For children younger than 5 years old, an adult/teenage assistant is needed for each child

LEGO Brickfilms Party (PEBF)   Ages 7 to 14
Recommended Partie/Event Duration: 2 to 3 hours

Lights…Camera…Action! This party/event will have the kids' LEGO® characters come to life. Using stop-motion animation and digital editing, students produce LEGO® brickfilms much like the ones viewed on YouTube. At the end of the party, we will have a "Movie Premiere" showing off all the movies that the children made. The host will get an Internet link to download kids' movies. CAUTION: The next young "Steven Spielberg" or "George Lucas" may be in our midst!
For children younger than 7 years old, an adult/teenage assistance is recommended for each child.

Minecraft Adventures Party (PEMC)   Ages 8 to 14
Recommended Partie/Event Duration: 90 minutes to 3 hours

You and your friends will work together to create a Minecraft Adventure Map! Our instructor will guide you with a story theme, and the map creation process. When the map is done, you will play with your Minecraft creation. We will provide a server, router, projector, and every child with a laptop, which is connected through our local network without access to the Internet. It's safe, fun, and exciting!
