Mopping/
Cleaning

Rugs &
Carpets

Tile &
Grout

Formulating For Our Future.

ONE PRODUCT FOR ALL YOUR CLEANING NEEDS!

A brand to help our health and environment by offering safer alternatives to standard janitorial cleaning systems and programs.

Hydroxi Pro® Concentrated oxidizing multi-purpose cleaner can be used as a versatile cleaner/degreaser for hard, non-porous surfaces. The natural orange oil breaks down grease, grime & dirt, while hydrogen peroxide destroys most organic odors. Use two versatile dilutions to satisfy all general cleaning needs from floor to ceiling in any environment! Complete with a total cleaning system including easy-to-use dispensers, refillable spray bottles and instructional bilingual charts.

WHY USE HYDROXI PRO® CONCENTRATED CLEANER?

Hydroxi Pro® is a Reduced Toxicity Cleaner formulated for windows, all types of floors, and general surface wipe down.

Hydroxi Pro® has a very low VOC's, no artificial lingering fragrance, dyes or carcinogens to contribute to poor indoor air quality. Using one chemical with basic cool water dilutions, you can perform virtually all your cleaning tasks. These dilutions are needed to complete a total cleaning system for glass, general surface wipe down, carpet care, heavy degreasing, mineral deposits and odor elimination.

Core offers a wall mount dial up fill station called Blend Aid™ with bilingual re-fillable quart spray bottles. Helpful bilingual wall charts, color coded labels, and icons make this program the most cost efficient, reduced toxicity cleaning system ever developed.

In addition, Core offers a manual dilution system for mop buckets and two (ready to use) bilingual refill spray bottles. Just fill the measuring cup to the appropriate ounce, then pour directly into mop bucket or quart spray bottles and fill with water. It's that simple!

HPC

What is Green Seal™

The Green Seal™ is awarded to products that have less impact on the environment and work well. To earn the Green Seal™ a product must meet the Green Seal™ environmental standard for the category as demonstrated by rigorous evaluation and testing. Green Seal™ standards are set so that they identify the most environmentally preferable products currently available; thus, they are leadership standards.

Available in 32 oz., 1 gal. 5 gal.
and 55 gallon drums
