# Spin Bonnet Solution

## Directions

### Dilutions:

### Carpet

Always vacuum thoroughly and test fiber for color-fastness before using.

Dilute 12 ounces of New Generation® Spin Bonnet Solution to 1 gallon of water (1:10 dilution). One diluted gallon covers approximately 1,000 sf.

Using a clean corrosion-resistant sprayer, lightly spray surface of bonnet for lubrication and a 10' x 10' (100 sf) section of the carpet to be cleaned. Agitate with carpet comb and allow 10 minutes dwell time.

Buff carpet in an elliptical patten. When bonnet becomes soiled, use reverse side. Keep several clean, dry bonnets on hand. Soiled pads can be laundered and reused.

Groom with carpet comb and allow to thoroughly dry before use.

## For Industrial an Institutional Use Only.

### First Aid:

For skin contact, wash with soap and water. For eye contact, remove contact lenses and flush with large quantities of cool, running water for at least 15 minutes. If Eye or Skin irritation develops and/or persists, seek medical attention. Do not take internally. If ingested, drink large quantities of water, seek medical attention. If inhaled: remove to fresh air, seek medical attention

**Ingredients:** Water, 2-Propanol-1-Butoxy, 1-Methoxy-2-Propanol, 1-(2-Methoxy-1-Methylethoxy)-2-Propanol.

**Health:** 1

**Fire:** 2

**Reactivity:** 0

**Special:** 0
