

have helped hundreds of executives and Fortune 500 companies with their linguistic needs. Among Crossing Borders' most popular programs, one will also find summer camps for the whole family, intensive English for adults, after-school classes for kids, and private tutoring for teenagers.

Private classes are for students that need flexibility and a special schedule, as well as for those who need more intensive classes because of a deadline. They also serve students who simply prefer to have classes custom-tailored to their unique speed and style of learning.

As previously mentioned, Crossing Borders operates a preschool in the Rice Village area of the City of Houston. There, starting at 18 months of age, students learn Spanish, English, French, or Mandarin, depending on their parents' preference.

The teachers at Crossing Borders have Bachelor's degrees, and many even have Master's. They use approved methods and only the best materials to help their students on their adventures in learning new languages.

Together, Elvia and her teachers carry more than 100 years of experience. Due to growing demand and its own unique curriculum, Crossing Borders has become one of the most dynamic and innovative companies around, opening it up to new challenges and to expansion to new locations throughout the country.

If you are interested in a Crossing Borders franchise in your area, please visit our business opportunities page.
