

JOB PLACEMENT

Dyer Appliance Repair Academy collaborates with appliance repair companies across the country. We have an active list of service providers in need of in-home repair technicians. After completion of Dyer Appliance Repair Academy our staff will provide each student with a résumé and actively market our graduates to hiring companies in their areas.

MAKE UP TO 35-50K IN YOUR FIRST TWO YEARS

For students requiring housing please contact us for details.

"I was sent by Samsung to attend the Dyer Appliance Repair Academy. I originally applied to work on appliances at a small location but I had zero knowledge. Now I have two certifications and the knowledge it will require to accomplish my goals as a repair tech."

Ted Stanley, March 2016

"Great academy. Dave manages to keep the class interesting and doesn't teach straight from a book. He also teaches us from his experiences accumulated from his years as a service technician."

Christian Cervantes, June 2016

BEYOND THE BASICS WITH CALLAHANS

We offer each Dyer graduate the opportunity to gain more hands on training with qualified service technicians. Callahan's Appliance is located in Frisco, TX. Contact Mike Callahan for more details. Mike@Callahansappliance.com

DYER APPLIANCE REPAIR ACADEMY
5524 Midway Road, #7
Halton City, TX 76117

2017

**15
DAY**

course in appliance
repair providing the

KNOWLEDGE AND SKILLS YOU NEED

to become a qualified
professional technician

"For those looking for a school to learn appliance repair you've found it! Do your homework and compare and you'll find no better value. Dave, the instructor, is very well versed in the subjects taught and gives you a firm foundation on which to build upon. You also have the opportunity to be certified by two national organizations. Highly recommended!"

Kyle Torres, September 2016

DYER APPLIANCE REPAIR ACADEMY

The focus of our course is to teach you theory and fundamentals on all the major appliances found in the home today. Then we'll move to the Lab where you'll receive valuable hands-on training to reinforce what you learned in class. We also offer an opportunity to ride along with experienced technicians while they perform in-home repairs.

Dave Bird
