

CHAD MITCHELL

General Manager

SUMMARY

Mr. Mitchell is a skilled professional with over 13 years of experience in project, production and operations management within the construction industry. Mr. Mitchell has a proven ability with design and implementation of processes and procedures on various diverse types of projects within the construction industry that are detrimental to the success of any company performing related work within the industry. Using a unique approach, Mr. Mitchell has developed strong, proven project management skills that enable his ability to oversee and complete projects in a timely and efficient manner with an emphasis on cost effectiveness and safety and the understanding and ability to perform under FEMA and HUD regulations. Mr. Mitchell has conducted general project management oversight on over 1,000 projects within the disaster recovery/response industry to include shelter in place, rehabilitation, reconstruction, and demolition services
