

Dynamic Measurement & Control Solutions, LLC

408-780-9190

"Industrial Solutions for Power, Communications, and Sensing"

Transformers
Reactors
EMI Filters

Inrush Current Limiters
Din Rail Mount Power Supplies

Industrial Communications and Control Devices
RS485 Serial and Data Connectivity
Ethernet I/O
Modbus, TCP/IP, ASCII

PCIe Serial Cards
Software Services

Terminal Blocks
Wire and Cable Entries
PCB Connectors

Din Rail; Screw, Spring, Push-In, Stud
Interface Relay System
Electronic Modules

Enclosures Polycarbonate, Fiberglass, Metal
Disconnect Switches
High Voltage Terminal Blocks
Explosion Protection Products

Din Rail Ethernet Switches
Managed and Unmanaged
Poe, Rackmount, Layer 3

Ethernet Media Converters
Wireless Antennas
Software

Analog Signal Converters
Voltage Transducers
Current Shunts

Loop Isolators
Sensor Transmitters
AC/DC Transducers

Sensors
Conductive Plastic
Hall Effects
Wire Wound

Angle
Linear
Tilt
Potentiometer

Heavy Duty Limit Switches
Industrial Limit Switches
Micro-Switches

Positive Opening IEC 60947
Emergency Stops
Pushbuttons

Current Transformers
AC Current Transducers
AC Voltage Transducers

Ground Fault Sensors
Current Indicators
Power Sensors

Cable Glands
Cord Grips
SS, Brass, & Plastic

Cable Trunking
Wire Management
Electrical Raceway and Ducts

Reed Switch Sensors and Actuators
Magnetic Reed Switches
Bare Reeds
Custom Reed Switches and Magnets

Timing Relays
Monitoring Relays
Switching Relays

Load Monitors
Grid and System Protection
Power Electronics
