

Charging into 4th Grade

Are you ready for a fabulous year in the 4th grade? We will be studying and learning many new and exciting subjects this upcoming year. 4th grade is a year in which students share many positive learning experiences. Get ready as we all journey towards independence.

Curriculum

Bible

In Bible, we will teach students to know, love and live with the positive Bible influence.

Math

Students are expected to know their addition and subtraction.

Students will learn basic multiplication, division and facts for factors 0-12

They will also learn and develop problem-solving skills.

English

Students will learn the writing process, personal narrative, tall tales, writing a letter and creating an essay.

- Planning
- Drafting
- Revising
- Proofreading
- Publishing

History Studies

Students will learn the history of the founding of America through World War II along with the regions of the United States of America. Students will also create an individual float project of an assigned state.

Science

Students will:

- Learn of God's wonderful creating
- Participate in class fun experiments, activities and projects
- Create a moon model
- Make a three dimensional human eye model
- Participate in the school science fair!

Reading

In reading we will be helping students expand and strengthen their reading and critical thinking skills as they learn to develop characters and how to build stories.

Behavior Expectations

- Follow all school and classroom rules
- Turn in all assignments
- Come to school on time
