REAX

WHAT IS IT?

A wireless bright lights system, conceived to make any workout session interactive, training the responsive ability through visual and sudden stimulations.

Flexible, versatile, full of accessories, each light is equipped with magnets for a rapid connection on every iron surface.

The WIFI tablet controller enables the trainer and the user to choose customized training programs by using Reaxing sudden dynamic interferences, the only technology capable of unpredictably alter the motor gesture.

REAL TIME METRICS

The image displays three overlapping screenshots of the REAX LIGHTS interface, illustrating different modes and features:

- ORIGINAL LIVE MODE:** The top-left screenshot shows a control panel with color-coded buttons (RED, GREEN, BLUE, CYAN, MAGENTA, YELLOW) on the left. The main display features a grid of 12 numbered buttons (01-12) and a digital timer showing 00:00. A 'SHOOT' button is located below the timer. At the bottom, there are 'STOP' (red) and 'START' (green) buttons, and a 'BACK' button.
- STATS SCREEN:** The top-right screenshot shows a bar chart with 12 bars representing individual shot reactivity. The x-axis is labeled from 50 to 100. The y-axis has a '+' sign. To the right of the chart are three circular progress indicators for 'TOTAL TIME', 'TOTAL SHOOT', and 'REACTIVITY AVERAGE'. At the bottom right are 'SAVE' and 'EXIT' buttons.
- PANEL MODE:** The bottom screenshot shows a simplified control panel with a digital timer (00:00) and a 'SHOOT' button (displaying 0). A yellow 'START' button is at the bottom center, and a 'BACK' button is at the bottom left.
