

### **Fodera Standard Trade-up Program**

To have your Standard instrument considered for our Fodera Standard Trade-Up Program, please complete all fields of this form, scan it and submit it to [info@fodera.com](mailto:info@fodera.com). To be considered, your Standard instrument must meet the following requirements:

- The instrument should not have any significant physical damage (i.e. cracks, structural damage, or obvious signs of repair).
- The instrument should be void of any physical alterations or personalization.
- All hardware and electronics need to be in serviceable condition.

In addition, please provide the following images of your instrument: **Body close up (front and back), Headstock close up (front and back), Neck close up (front and back), and a full, clear image of the electronics cavity**. Based on the photos, Fodera will determine if the instrument is in acceptable condition for the program.

### **Below are some key points about the Standard Trade-Up Program:**

- Upon receipt of the traded-in Standard, you will receive a credit towards your new Fodera Custom equal to 70% of the current List Price of the traded-in Standard instrument.
- A non-refundable \$1,000 cash deposit (rather than the usual \$2,000 for a new Custom order) is required to secure a Production Slot for a new Custom Build.
- Only one Standard instrument may be traded-in toward one Custom build. The Trade-Up program is only available for new Custom orders. Orders already in the Production Schedule do not apply.
- Matt Garrison Standards are not applicable towards the Trade-Up Program. • You are responsible for shipment of your instrument to Fodera Guitars.
- Only one Standard instrument may be traded-in toward one Custom build.
- Cannot be combined with existing sales.
