- TBD along Fountain Creek  
Time: 1pm-3pm, Crew Leader: Jaime Rockwell, [jaime@kruegerbrothers.com](mailto:jaime@kruegerbrothers.com)

\*In celebration of Arts Month 2020, the Pikes Peak Outdoor Recreation Alliance, Fountain Creek Watershed Flood Control & Greenway District, Creek Week, and the

Cultural Office of the Pikes Peak Region have joined forces once again to orchestrate the 3rd annual Pikes Peak Litter Letter Project. Each year, our local Litter Letter Project produces a unique piece of sculptural art that is constructed with trash collected from public lands and waterways during Creek Week. Modeled after the national Litter Letter Project, and with permission to use their logo and concept, our local Litter Letter Project is a fun annual event that signals the official start of Arts Month. It's also a wonderful cross-sector collaboration between the Arts, Outdoor Recreation, and Environmental sectors that truly benefits the entire community! In 2018, our word was "INSPIRE." Last year's word was "PRISTINE." **The new word for 2020 is "RESILIENT."** The litter letters, constructed by local nonprofit Concrete Couch, will be on display throughout the month of October in celebration of Arts Month. All are welcome to attend the dedication, light refreshments provided.
