

Course: Advanced Teen Driver – Crash Avoidance Skills

Course Date: _____

Location: Douglas County Law Enforcement Driving Facility EVOC

8500 N Moore Rd, Littleton, CO

VEHICLE INSPECTION FORM

Course Description: This course is designed to equip the student with specific crash avoidance skills. The maneuvers performed will subject the vehicle described below to sudden and abrupt turns, and hard braking to include activation of the ABS system (if equipped) or front wheel lockup and release (threshold braking) if not equipped with ABS.

Inspection Purpose: This inspection is solely to evaluate the general condition of the vehicle as it relates to its use in the course described above. The inspection is intended to discover any discoverable repairs or replacements required to render the described vehicle safe for use in the course. This inspection is not purposed to discover hidden, or otherwise undiscoverable, defects or repairs. Ultimately, the condition of the vehicle described below is the sole responsibility of the parent or legal guardian of the student participant.

Vehicle Description: (section to be completed by student or parent)

Vehicle Year	Vehicle Make	Vehicle Model	Vehicle VIN (17 digits)

Vehicle Inspection: (section to be completed by mechanic after reading the course description above)

Vehicle Component		Satisfactory	Not Satisfactory	Repaired or Replaced / Comments
Tires (tread depth, pressure, sidewall condition, etc.)				
Steering (full movement without tire rub, component condition, fluid level, etc.)				
Suspension (component condition, etc.)				
Brakes (proper distribution, component condition, etc.)	ABS: Y / N (Circle One)			
Other vehicle condition concerns
