

aegex10 intrinsically safe tablet

Aegex Technologies provides intrinsically safe devices for the world's most hazardous locations in oil and gas, chemical, mining, pharmaceutical, public safety, utilities and other industries with explosive environments. Aegex intrinsically safe Windows tablets bring real-time connectivity to all personnel in hazardous locations, helping them to harness the power of data to optimize efficiency, safety and productivity.

Aegex's 10.1-inch intrinsically safe Windows 10 tablets can be customized with enterprise-class applications and accessories for each team member of a hazardous industry operation. Aegex's unified platform makes operation-wide integration and collaboration simple, with an overarching Microsoft enterprise mobility solution that delivers IT uniformity, operational efficiency, organizational safety and information security. Aegex10 IS Tablets are the basis for a true Internet of Things for hazardous industries.

- **Purpose-Built Intrinsically Safe and Enterprise-Class:**
Aegex devices are certified UL913, C I, II, III D1, ATEX IECEx Zone 1 and IP65 for HazLoc use.
- **Cloud-Based Data Sharing:**
Aegex solutions use 4G LTE or Wi-Fi for real-time collaboration.
- **Enterprise-Class Security with Intel Architecture:**
Aegex solutions rely on Intel McAfee Security suite for enterprise-wide protection.
- **Customizable Solutions for All Hazardous Zones and Jobs:**
Build your own solution for each team member with Aegex enterprise applications.
