Intel® Core™ M processor

802.11ac next generation WiFi

Optional 1D/2D imager barcode reader

Intel HD graphics 5300

MIL-STD 810G and IP65 certified

Industry-leading bumper-to-bumper warranty

### Intel Core M Processor.

The RX10 is powered by Intel's Core M Processor, allowing for unparalleled mobility combined with functionality. You can work confidently in or out of the office with the convenience of a tablet and the power of a notebook.

### Designed for Mobility.

Size matters when it comes to mobility. That's why we built the RX10 with a 10.1 inch display at only 2.65lbs and a razor thin 0.74in. It's not only lightweight but also easy to carry with the integrated ergonomic handle and embedded barcode scanner for patient information.

### Expanded Functionality.

We designed the RX10 for increased functionality with our unique SnapBack add-ons. Integrated as an extension, you can add on a detachable keyboard, SmartCard reader, kick stand / hand strap based on your requirements. They easily snap right on or off — no tools necessary.

### Built to Survive™.

The RX10 was engineered to protect the tablet against 4 foot drops, shocks, spills, vibration, dust, liquid and is even able to be operated in temperatures from -5.8°F to 131°F. The RX10 has been independently tested and certified to MIL-STD 810G and IP65 standards.

### Large 10.1" IPS Display.

The RX10 features a large 10.1" IPS FHD display utilizes our revolutionary LumiBond 2.0 technology to achieve a display that is more readable, and offers better contrast and more crisp colors than other rugged tablet displays.

### Bumper-to-Bumper Warranty.

Accidents happen. Only Getac offers bumper-to-bumper coverage standard on every RX10 rugged tablet.

Specification subject to change without notice.

<sup>1</sup> Computers configured with a 32-bit operating system can address up to 3GB of system memory. Only computers configured with a 64-bit operating system can address 4 GB or more of system memory.

<sup>2</sup> For storage, 1GB = 1 billion bytes; actual formatted capacity less.

<sup>3</sup> Data plan required. Cellular data is available in the US on Verizon Wireless and AT&T networks. LTE is available in select markets. Check with your carrier for details. 4G LTE configuration must be ordered at time of purchase.

<sup>4</sup> Weight varies by configuration and manufacturing process.

<sup>5</sup> 3-year bumper-to-bumper limited warranty standard. For warranty terms and conditions visit [www.getac.com](http://www.getac.com)
