

F110

FULLY RUGGED 11.6" TABLET

- 4th Generation F110
- Large 11.6" IPS LumiBond® 2.0 sunlight display
- 7th generation Intel® Core™ processor
- Intel HD Graphics 620
- Dual hot-swappable battery design
- Optional integrated 4G LTE broadband wireless
- 802.11ac next generation WiFi
- Optional 1D/2D imager barcode reader
- MIL-STD 810G and IP65 certified
- Industry-leading bumper-to-bumper warranty

7th Gen Intel Core Processor.

With the latest Intel Core i5 or Intel Core i7 processor, the 4th generation F110 rugged tablet was designed for speed and efficiency. Clocking in at up to 2.8GHz and with Turbo Boost speeds up to 3.9GHz, the F110 has the power needed for the most demanding tasks.

Multi-Level Security

F110 provides TPM 2.0 for powerful anti-tampering protection. Combined with IR webcam, fingerprint reader, smart card reader, RFID, optional Absolute™ DDS and support for the latest Windows 10 security features, the F110 delivers industry-leading protection for your data and device.

Large 11.6" IPS Display.

The F110 features a large 11.6" IPS display that utilizes our revolutionary LumiBond 2.0 technology to achieve a display that is more readable, and offers better contrast and more crisp colors than any other rugged laptop display. The 11.6" widescreen display is ideally suited providing plenty of real estate to run Windows and your apps on.

Dual Hot-Swappable Batteries.

The F110's unique, hot-swappable dual-battery design allows for potentially infinite, uninterrupted battery life. This enables you to remove one of the two rechargeable batteries and replace it with a fresh battery without ever shutting down apps or your Windows OS.

Designed to Capture.

With a built-in front FHD webcam, an optional front IR webcam, an optional rear BMP auto focus camera and an optional top 1D/2D imager bar code reader, the F110 is the ideal solution for capturing data.

Bumper-to-Bumper Warranty.

Accidents happen. Only Getac offers bumper-to-bumper coverage standard on every F110 rugged tablet.

Display	11.6" IPS HD (1366x768) 800 NITs LumiBond® 2.0 sunlight readable display with multi-touch technology Optional digitizer	I/O Interfaces	DC in x 1 USB 3.0 x 1 Docking port x 1 Headphone out/Mic-in Combo x 1 HDMI x 1 Optional HDMI-in x 1 (w/smart card reader) Optional RF antenna pass-through for GPS, WLAN and WWAN
Expansion Slot Options⁴	Optional 1D/2D imager barcode reader; or RS232 Port; or 10/100/1000 base-T Ethernet; or MicroSD slot; or USB 2.0 port; or RS232 Port + 10/100/1000 base-T Ethernet	Warranty	3 Year bumper-to-bumper warranty standard [‡]
Add-on Modules	Optional magnetic stripe card reader		
Webcam	Optional FHD webcam x 1; or Optional IR webcam x 1 Optional 8MP auto focus camera		

Specification subject to change without notice.

¹ Data plan required. Cellular data is available in the US on Verizon Wireless and AT&T networks. LTE is available in select markets. Check with your carrier for details. 4G LTE configuration must be ordered at time of purchase.

² Requires MIL-STD 461F 90W AC Adapter sold separately.

³ Computers configured with a 32-bit operating system can address up to 3GB of system memory. Only computers configured with a 64-bit operating system can address 4 GB or more of system memory.

⁴ Expansion slot factory installed and limited to one option. Subject to minimum purchase requirements.

⁵ Battery life testing conducted under BatteryMark 4.0.1. Battery performance will vary based on software applications, wireless settings, power management settings, LCD brightness, customized modules and environmental conditions. As with all batteries, maximum capacity decreases with time and use and may eventually need to be replaced by a Getac service provider. Battery life and charge cycles vary by use and settings.

[†] For storage, 1GB = 1 billion bytes; actual formatted capacity less.

^{††} Weight varies by configuration and manufacturing process.

[‡] 3 year bumper-to-bumper limited warranty standard. For warranty terms and conditions visit www.getac.com
