Intel UHD graphics 620

Full-size 88 key backlit keyboard

Optional integrated 4G LTE broadband wireless

802.11ac next generation WiFi

MIL-STD 810G and IP65 certified

Industry-leading bumper-to-bumper warranty

8th Gen Intel Core Processor.

With the latest Intel Core i5 or Intel Core i7 processor, the 5th Generation V110 rugged convertible was designed for speed and efficiency. Clocking in at up to 1.9GHz and with Turbo Boost speeds up to 4.8GHz, the V110 has the power needed for the most demanding tasks.

Multi-Level Security

V110 provides TPM 2.0 for powerful anti-tampering protection. Combined with fingerprint scanner, smart card reader, RFID, optional Absolute™ DDS and support for the latest Windows 10 security features, the V110 delivers industry-leading protection for your data and device.

Large 11.6" IPS FHD Display.

The V110 features a large 11.6" IPS FHD display that utilizes our revolutionary LumiBond 2.0 technology to achieve a display that is more readable, and offers better contrast and more crisp colors than any other rugged laptop display. The 11.6" widescreen display is ideally suited providing plenty of real estate to run Windows and your apps on.

Dual Hot-Swappable Batteries.

The V110's unique, hot-swappable dual-battery design allows for potentially infinite, uninterrupted battery life. This enables you to remove one of the two rechargeable batteries and replace it with a fresh battery without ever shutting down apps or your Windows OS.

Full-Size 88 Key Backlit Keyboard.

Unlike our competitors' products that have small keyboards with small keys, the V110 features a full-sized 88-key waterproof membrane backlit keyboard with standard-sized keys. The V110 lets you type the way you're used to typing.

Bumper-to-Bumper Warranty.

Accidents happen. Only Getac offers bumper-to-bumper coverage standard on every V110 rugged convertible.
