

VetRx

VETERINARY AID

Cat & Kitten Aid

BASED ON A FORMULA
IN USE SINCE 1874.

For use on all breeds of cats and kittens. For the support of healthy upper respiratory function. When a cat loses its sense of smell, it also loses its appetite, weakening your pet. VetRx can help improve sense of smell which is needed to encourage your pet to take in nourishment and speed up the process of natural wellness.

DIRECTIONS:

For best results use VetRx warm. Put bottle in a container of warm water and let it stand for a few minutes or warm quickly over medium heat with the cap open. Always test temperature of product before applying.

Apply 2 drops directly into each nostril for adult cats, 1 drop for kittens. Repeat in 5 minutes. Repeat applications 3-4 times a day. If possible, isolate your pet and use VetRx in warm water vaporizer, following manufacturer's directions.

CAUTION:

For animal use only. Not for human consumption. Use only as directed. Keep VetRx out of the reach of children. Consult a licensed veterinarian when needed.

If you have any questions or comments concerning the use of VetRx call us at 1 800 554 1080.

KEEPING EARS CLEAN AND CLEAR

DIRECTIONS:

Use VetRx warm

Shake bottle well to help mix contents.

Apply by the drop or with a Q-Tip swab. Be sure to dampen entire area. Do not dig off scabs if they are present. Scabs should eventually be shaken off by the cat.

Note:

VetRx will leave an oily film on skin and fur. This will not burn the skin or remove hair.
