1	AUXILIARY GROUPS BANKING POLICY
2	
3	There are many groups (Church School Classes, Choir, Trustees,
4	Disciples Women Fellowship, Disciples Men Fellowship, Christian Youth
5	Fellowship, etc.) in the life of this congregation that have and maintain
6	checking and/or savings accounts with a local bank.
7	
8	The congregation's insurer encourages all church groups to require two
9	signatures on all accounts. Since an act of impropriety at any level of the
10	congregation can and will reflect on the whole church, it is wise to keep all
11	business affairs above suspicion.
12	
13	It shall be the policy of Hillside Christian Church and all of its auxiliary
14	groups to require no less than two signatures on all financial institutional
15	accounts. This will include, but not be limited to, checking accounts, savings
16	accounts, the transfer and sale of stock, etc.
17	
18	It is encouraged that all officers of the auxiliary groups be placed on
19	said account's signature cards, and that any two signatures would allow a
20	transaction to take place.
