

# Alternate Donation Locations

## Do you have things we can't accept?

We sincerely appreciate that you thought of us and for the time and care you took in preparing your donations. We have limited time to sort through donations (and redistribute!) so therefore we try to be judicious about what we accept.

To get your donations to the appropriate people in need, please see below for other local agencies that could make better use of them. **We strongly encourage you to call in advance as the pandemic has greatly impacted everyone's hours of operation and what is accepted.**
