

Insurance Benefits Worksheet

Understanding your insurance benefits, limitations, and procedures will ensure that the billing process goes smoothly. We will file insurance claims for the services you receive at our clinic, but it is your responsibility to verify coverage and understand your financial responsibility for the services provided.

Please call the customer service number on the back of your insurance card to **verify coverage before your first appointment**. Your card will also contain other important information that you will need during the call, and this worksheet will help you to ask all of the right questions.

If you do not have insurance coverage for our services, we offer reasonable cash prices and Care Credit to ensure that our patients are able to afford care.

IMPORTANT:

Insurance companies provide coverage for individual doctors, not clinics or practices as a whole. Therefore, a doctor's name may be required when checking coverage or in-network status. Even though you will primarily be seen by one doctor, you should check the coverage for each of our four doctors.

The legal name of our clinic is Innovative Health. Our tax id number is: 27-2864371
