High Density Polyethylene Bales-Pigmented

Post-Consumer, Blow mold grade, Co-polymer

Examples may include: mixed color household bottles, white & yellow milk jugs

COMPOSITION + QUALITY STANDARDS

A pigmented/ mixed color HDPE bale should contain colored (including white), post consumer bottles.

Bales may measure 3x4x5', 4x6x4' or other standard size and should be secured with 10-12 gauge galvanized baling wire or other non-corroding strapping. Bales should not be stored outside, uncovered any longer than four weeks prior to shipment. Cardboard may be used to prevent exposure and maintain bale integrity.

Any items that previously contained hazardous material, residue and/or medical waste will be rejected.

CONTAMINANTS

- > Any plastic not of the specified type: i.e., PET, PVC, LDPE, PP, PS, or Other (may be marked as #7); film
- > More than 2% of any other material that is not plastic: i.e., metal, styrofoam, paper, cardboard, wood, rubber, liquid. paint or other residuals, etc.
- > Excessive amount of debris (sand, rocks, dirt, etc.) or moisture; heavy baler residue, grease or grime.
- > More than 4% of total bale weight of automotive oil containers, must no thoroughly drained and rinsed. Any insecticide or other chemical bottles are unacceptable and may be grounds for penalty.
- > Any plastic that has deteriorated from sun or weather exposure
- > Injection grade plastics (bulky rigids)-wide mouth containers, crates, buckets. etc. There are separate specs for this material.

PRICING

All prices are FOB selling point unless otherwise agreed. Base price per pound is determined by freight expense, material quality and a truck load weight of 40,000 pounds (see freight charges). All trucks are weighed empty and full on scales calibrated to 10 lb. accuracy. KW weights govern settlement. Price reductions/ freight charge may apply.

REJECTIONS + PRICE ADJUSTMENTS

Material purchased not meeting quality standards so as to render the material difficult to process or completely unmanageable will be subject to price adjustments or rejection. If a load or partial load is rejected due to non-conformity to specifications, the material supplier shall be responsible for any and all additional costs resulting from the rejection of such load including, but not limited to inbound/outbound shipping, demurrage, additional labor charges, landfill fees and other associated costs. Arrangements to pick-up or return rejected material must be made in a timely manner to avoid additional demurrage charges.

FREIGHT CHARGES

NET WEIGHT	PRICE
35,000 lbs +	base price
34,999 - 30,000 lbs.	base price -\$.01/lb.
29,999 - 25,000 lbs.	base price -\$.0 15/lb.
24,999 - 20,000 lbs.	base price -\$.0 25/lb.
19,999 lbs. - below	total freight

*Estimates. Charges may vary based on actual freight costs.
