I received a master's degree in counseling psychology from the University of Alaska in May of 1977. I interned at the Anchorage Community Mental Health Center from September 1976 – May 1977. Relocating to Rapid City South Dakota, I worked in private practice with Dr. Frank Buzzetta from 1978 – 1983. I was licensed in as an associate psychologist at that time. Relocating to Papillion, Nebraska I worked at Overland Hills Counseling Center from 1983 – 1986. I was licensed as a Licensed Professional Counselor at that time. In 1993 relocating to Fort Collins, Colorado I have worked as a Licensed Professional Counselor at Light of the Rockies from 1994 to the present. I work with Individuals, Couples and Families on a wide spectrum of emotional, relational, behavioral and spiritual life issues.

Because you are receiving counseling from Light of the Rockies Christian Counseling Center, you are entitled to know that each of the therapists practice counseling from a Christian perspective.

The Colorado Department of Regulatory Agencies has the general responsibility of regulating the practice of licensed and unlicensed counselors and marriage and family therapists. The agency with this responsibility is the State Grievance Board, 1560 Broadway, Suite 1350, Denver, CO, 80202, 303-894-7766. The regulatory requirements for mental health professionals provide that a Licensed Clinical Social Worker, a Licensed Marriage and Family Therapist, and a Licensed Professional Counselor must hold a master's degree in their profession and have two years of post-master's supervision. A Licensed Psychologist must hold a doctorate degree in psychology and have one year of post-doctoral supervision. A Licensed Social Worker must hold a master's degree in social work. A Psychologist Candidate, a Marriage and Family Therapist Candidate, and a Licensed Professional Counselor Candidate must hold the necessary licensing degree and be in the process of completing the required supervision for licensure. A Certified Addiction Counselor I (CAC I) must be a high school graduate, and complete required training hours and 1,000 hours of supervised experience. A CAC II must complete additional required training hours and 2,000 hours of supervised experience. A CAC III must have a bachelor's degree in behavioral health, and complete additional required training hours and 2,000 hours of supervised experience. A Licensed Addiction Counselor must have a clinical master's degree and meet the CAC III requirements. A Registered Psychotherapist is registered/listed with the State Board of Registered Psychotherapists, but is not licensed or certified by the state, and no degree, testing, training or experience is required to obtain registration from the state. You are entitled to receive information from your therapist about the methods of therapy, the techniques used, fee structure and the duration of your therapy (if known). You may ask questions about your therapy at any time. You may discontinue therapy services at any time and for any reason. You are entitled to receive a second opinion from another therapist. If necessary, referrals to other counselors or marital and family therapists will be made available. In a professional therapeutic relationship sexual contact of any kind between a therapist and a client is never appropriate. If sexual intimacy between a client and therapist occurs, it should be reported to the State Grievance Board.

Confidentiality:

Both professional ethics and the Colorado State Mental Health Code-CRS 112.43.214 (1) (d) require that your privacy be carefully protected. Generally speaking, information provided by and to a client in therapy is legally confidential and will not be released to anyone without your written permission. Confidentiality can be broken by your therapist in certain circumstances as required by Colorado law (listed in section 12-43-218 of the Colorado Revised Statutes and the Notice of Privacy Rights you were provided) These circumstances are summarized below:

- (5) if you reveal information concerning neglect, physical or sexual abuse of a child or an elder, I am required by law to report this knowledge to the appropriate authorities;
- (6) if you are in therapy by order of a court of law;
- (7) if you are involved in a criminal or delinquency proceeding;
- (8) if I need to provide another therapist with pertinent information when that therapist is on-call for my practice in my absence, or if, I consult with another colleague about your treatment. Supervision and case consultation of cases will occur with staff members

Couples attending therapy together are informed that information shared with the therapist by one individual may be disclosed to the other party at the therapist's discretion. Other than these exceptions noted above, information shared in therapy is privileged communication and cannot be disclosed in any court of competent jurisdiction in the state of Colorado without your consent. CANCELLATIONS

- Light of the Rockies Christian Counseling Center requires **24-hour notice** for a cancellation of an appointment unless there is a true emergency. Examples of true emergencies would include sudden onset of fever or stomach flu. If you need to cancel your appointment, we prefer as much advance notice as you can give us so that we can potentially make the appointment available for another client. We need 1-week cancellation notice for 2-hour appointments.
- Under certain circumstances (example: a sick child or a snow day) you may be able to have your appointment with your therapist via phone. Please contact our office manager if you wish to have a phone appointment.
- An appointment cancelled with less than 24 hours' notice will be **charged at your regular rate**. Insurance cannot be billed for cancelled appointments, and clients will be responsible for paying the full fee for their missed session.

PAYMENTS

- Payment for your session is due at the time of service.
- Our counseling center prefers to take checks or cash. If necessary, we can also take credit cards (VISA and MasterCard, Discover, we cannot take American Express). We can also receive your benefit credit card (HSA, FSA), so that you can pay for counseling services pre-tax through a plan provided by your employer.
- If you have made other payments arrangements with the Office Manager, we require that all bills be brought up to date by the last business day of the month.

INSURANCE

- Some of our therapists take insurance. If you are hoping to bill insurance for your session, please call the office and we can help you determine if your therapist participates with your insurance and what your options may be.
- It is your responsibility to know and understand what your insurance will cover. If you wish to use your insurance for counseling, it is also important that you contact your insurance company to determine your mental health benefits.
- We will require a credit card to be on file for any insurance company that we submit claims for.
- Your insurance policy is an agreement between you and your insurance company. Our relationship is with you, not your insurance company. Therefore, all charges are ultimately your responsibility, regardless of your insurance status. You are responsible for getting proper referral and pre-authorization information prior to your counseling sessions.
- At the time of your first appointment, if we are submitting claims for you, please make sure that we have a copy of both sides of your insurance card (which we can make at that first appointment), date of birth (both client and primary on the insurance), and a phone number to contact you.

CLOSING

- For record keeping purposes, if you have not been seen for a counseling session within a two-month period, we will consider your file closed.
- You are always welcome to return to counseling at any time, and we will re-open your file at that time.

I have read and understand the financial policies of Light of the Rockies Christian Counseling Center.
