Let's learn about the artwork painted on the transformer boxes around town and create our own original work of art on a homemade transformer box!

But first, let's see how many transformer boxes you have seen.

The chart on the following pages are all of the painted boxes in Loveland's current collection. Let's review them and mark the chart as directed below.

1 - Put a check in the box next to the ones you have seen
2 - Put a star in the box of the transformer that is closest to your home
3 - Put a heart in the box that is your favorite
4 - Circle the boxes you haven't seen but would like to find
WOW! That’s a lot of boxes! 86 in total!

How many have you seen? ____________

Note: If you go for a car ride with your family to look for the boxes, you can get help from Google Maps to find them. Almost all of the boxes are listed there and Google will give you directions if you need.
Let's Make Our Own Designs

Flowers

Take a look at these transformer boxes and the artists’ different interpretations of flowers. Which one do you like best? Now, draw flowers in your own personal style on the transformer box below.

Scenes of Loveland

Some artists have painted scenes of Loveland. Which one do you like best? Now, think of your favorite place in Loveland to visit and draw it on the transformer box below.
Animals

Animals are favorite subjects for our transformer boxes. Which one do you like best? Now, think of your favorite animal that you would like to see painted on a box and draw it on the transformer box below.
A Look Inside

Artists don’t always want to paint pictures on the “outside” of boxes. Sometimes, they paint pictures on the outside to let you look “inside” the box and see a magical scene inside. Which one do you like best? Now, think of something you can draw as if you were looking inside the box below.
