History-

Major Display was founded in 1994 as a custom scoreboard company. Our team is passionate about quality design and ease of installation in all of our products. After perfecting the installation process, we focused on improving the technology of our scoreboards. The acquisition of Santech Scoreboards in 2010 allowed us to offer superior service to existing Santech customers while developing the best scoring technology in the industry. Major Display was fortunate to bring on our Chief of Engineering, Mike Bates in 2011. Mike has brought Major Display to the front of the pack by designing the SCB3000 Control System – the only MOBILE CONTROL APP BASED CONTROL SYSTEM in the industry!

Who We Are –

Our manufacturing facility is located in the mountains of North Carolina. As a customer of Major Display, you will work directly with one of our Sports Marketing Specialists. Your Sports Marketing Specialist will help you define the perfect scoreboard for your field or facility.

After identifying the best product for your needs, our talented design team will create a graphic representation for your review. Custom headers, ad panels and design features such as caption graphics and colors will be defined to your specifications.

On A Budget? –

As a company, we are committed to making sure that your program gets the right scoreboard for your needs. Often budgetary constraints are a concern for our customers. We are here to help...let us know where you are with finances and we will design a Sports Marketing Program to help fund your scoreboard needs. In fact, we can create a revenue stream for you using our scoreboards and technology!

Quality –

Each Major Display scoreboard is built from extruded aluminum cabinets with a durable powder coat finish. We use only Cree LEDs for all of our digits and indicators – for the longest life expectancy and brightest settings. And then there is our controller – no proprietary devices, multiple downloads.

What You Need To Know –

We are committed to being the best. Delivering on time, offering installation solutions, making your scoreboard the best in the industry.

Please give us a call to help you make your athletic facility top notch.

Major Display, Inc.

800-260-1067

QUALITY CONSTRUCTION

- Major Display's proprietary extrusion - allows for unlimited mounting options
- .063 aluminum face with **powder coat** finish
- 3M weather sealed construction
- Conformal coated electronics
- Driver assembly designed for ease of servicability (no tools required)

BOLD LED DIGITS

- Cree LED's
- 120 degree viewing angle
- Bold segments for greater visibility
- Powder Coated Aluminum face plate
- Non-glare & non-reflective
- True size digit design

Sports Monitor **SCB3000**

"The Smarter Way to Keep Score!"

User friendly operation

Reduces down time for repairs

Android, iOS and PC operating systems

True clock synchronization

Password protected, secure bluetooth connection

Multi-device capable with authorized app download

Great for fields with multiple users

SCB3000 Controller System
has made Major Display, Inc.
the leader in scoring technology.
Our app based controller allows
users to control our scoreboards
with reliable bluetooth wire-less
communications. Multiple
devices can be assigned to each
scoreboard with administrator
password control for security

CUSTOMIZE

**MAJOR DISPLAY CAN
DESIGN, ENGINEER AND BUILD
CUSTOM MODELS NOT INCLUDED
IN THIS STANDARD CATALOG.**

**Do you need a custom size
to fit your existing structure?**

**Major Display has designed,engineered and manufactured
many projects to fit the needs of our customers.**

CUSTOMIZABLE OPTIONS

CUSTOM HEADER OPTIONS

Choose one of our standards & add your team logo or have our team design a custom header for you! All headers are constructed from aluminum with a powder coat finish.

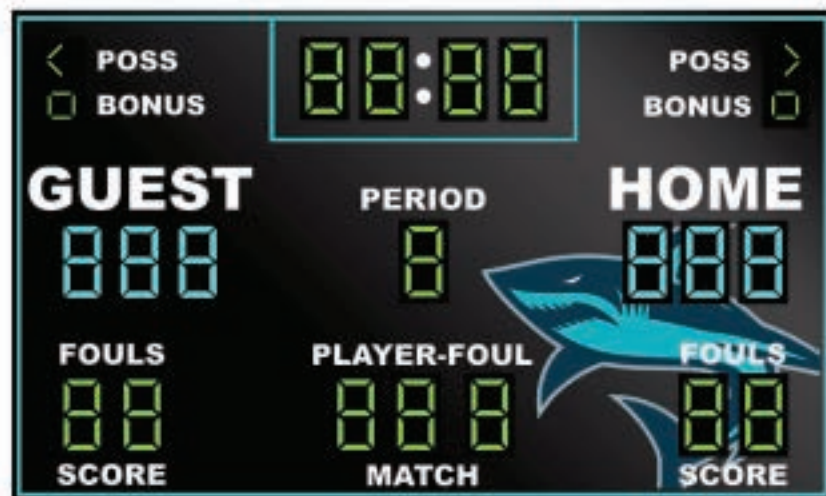

CUSTOMIZABLE OPTIONS

Enhance your project...

Advertising Panels

Advertising/Sponsor panels can be added to the top, bottom or sides of any scoreboard.

Let us help your team raise funds for the organization or even to pay for the new scoreboard. Multiple panels can be divided up for different sponsors.

Programmable Name Captions

Programmable name captions are a smart choice for fields and facilities that want to impress. When HOME and GUEST just won't do...we recommend these highly visible additions to your scoreboard.

Custom Vinyl Wrap

Custom graphics can be added to your project. Wrap the entire scoreboard or just add your team logo.

Great option for teams that don't have the space or budget for a custom header!

Pennant Flags

Choose weathervane rigid pennant flags as a great finishing touch for your custom header!

MAJOR DISPLAY SCOREBOARDS

Major Display's Sports Marketing team can help you get the scoreboards you really want at little to no cost to your school, park or program. Contact one of our Sports Marketing Specialist today to find out what we can do to help you get one of the best scoreboards in the industry.

800-260-1067

Our sports marketing team offers innovative solutions to help your school district or facility fund the purchase of any new scoreboard. Here are the simple steps:

1. Pick the scoreboard, header and controller that best meets your needs.
2. We will design a campaign and solicit sponsors and advertisers on your behalf.
3. Major Display will continue to create sponsor revenue for 5 years on your scoreboard and give your program back a portion of the funds raised!
4. During our contract, your scoreboard will be under a full maintenance warranty. No hassles.

Call us to speak with a Sports Marketing Specialist today!
