OFFICE POLICIES & FINANCIAL AGREEMENT

Welcome to Milwaukie Chiropractic Center. We are committed to providing you with the best possible services and we also want you to understand our policies regarding professional fees, your financial responsibility, and our billing practices. Please feel free to ask the office staff or your doctor for clarification should you have any questions. A copy of this signed financial agreement will be given to you for your records upon request.

Professional Fees

Our fee schedule is based on prevailing standards in the community. Some fees vary slightly because they are governed by contracts with managed health care companies. Fees may be charged for, but not limited to:

1. Examination and consultation.
2. Medical services rendered:
 - Electrical Muscle Stimulation
 - Massage
 - Manipulation
 - Ultrasound
 - Traction
 - IV Therapy
 - Lab
 - X-rays
 - Supplements
 - IM Injections
 - Exercise Instruction
3. Telephone consultation with attorneys or other providers regarding your case.
4. Appointments that are broken without notice or rescheduled with less than 24 hour notice.

Financial Agreement

Many people believe that when they use their health insurance that it is the insurance company that owes the doctor for his services. This is not the case. The health insurance contract is between you and your insurance company. Therefore, you are responsible for payment of all fees regardless of any insurance coverage. As a courtesy to our patients we bill all insurance companies if chiropractic services are covered. If you are using your health insurance, you must supply us with complete information about your coverage and a copy of your health insurance card. If you belong to a managed healthcare plan, all co-payments are due at the time of service. Most health insurance plans do not cover 100% of the cost for medical treatment. If your insurance has not paid for covered services within 60 days of the service, you will need to make full payment to this office and be reimbursed when insurance pays.

Payment for uncovered fees is due in full by the 10th of each month or payable according to an agreement that you have made with the office manager. You will receive a monthly statement showing any balance due.

Clients who are not insured are expected to pay fees in full at the time of service unless other arrangements have been made with the office manager. Payments by all clients may be made with cash, check, Visa, or Mastercard. Delinquent accounts will be referred for collection at the discretion of the office manager.

Please sign and return this form to the receptionist.

I acknowledge that I am financially responsible for all charges whether or not they are covered by insurance. If I am using my health insurance benefits, I hereby assign my insurance benefits to Milwaukie Chiropractic Center and I authorize the staff to provide to my insurance company any information regarding myself or my minor child that is required or necessary for the submission of a claim for services provided. I understand that I have access to any and all information provided. I agree to the above terms and conditions and I acknowledge that I have received a copy of these office policies and financial agreement upon request.

INFORMED CONSENT TO CHIROPRACTIC TREATMENT

PLEASE READ THIS CONSENT FORM, DISCUSS IT WITH THE DOCTOR IF YOU WOULD LIKE, THEN SIGN WHERE INDICATED AT THE BOTTOM.

Clinicians who use spinal manual therapy techniques, e.g., joint adjustment, manipulation, mobilization are required to inform patients that there are or may be some risks associated with such treatment.

In particular:

- a. While rare, some patients have experienced muscle and ligament sprains or strains or rib fractures following spinal manual therapy.
- b. There have been reported cases of injury to a vertebral artery following neck adjustment, manipulation and mobilization. Such vertebral artery injuries may on rare occasion cause stroke which may result in serious neurological injury and/or physical impairment. This form of complication is an extremely rare event occurring about one time per one million treatments.
- c. There have been reported cases of disc injuries following spinal manual therapy, although no specific scientific study has ever demonstrated that such injuries are caused or may be caused by adjustments or manipulative techniques and such cases are also very rare.

Treatment provided at this clinic including spinal adjustment, manipulation and/or mobilization have been the subject of much research over many years and have been demonstrated to be appropriate and effective treatments for many common forms of spinal pain, pain in the shoulders/arms/legs, headaches and other similar symptoms. Treatment provided at this clinic may also contribute to your overall wellbeing. The risk of injury or complication from manual treatment is substantially lower than the risk associated with many medications, other treatments and procedures frequently given as alternative treatments for the same forms of musculoskeletal pain and other associated syndromes.

The doctor will evaluate your individual case; provide an explanation of care and a suggested treatment plan or alternatively a referral for consultation and/or further evaluation if deemed necessary.

Acknowledgement: I acknowledge I have discussed or have been given the opportunity to discuss with the doctor the nature of chiropractic treatment in general and my treatment in particular as well as the contents of this consent.

Consent: I consent to the chiropractic treatment(s) offered or recommended to me by the doctor including joint adjustment or manipulation or mobilization to the joints of my spine (neck and back), pelvis and extremities (shoulder, upper limbs and lower limbs). I intend this consent to apply to all my present and future treatments at this clinic.
