MINDWORX currently offers music lessons for students in PK- 8th grade. We offer both individual and group instruction in a fun and relaxing atmosphere!

Our instructors are talented and committed music professionals who know how to customize instruction based on the student's interests and learning style. Our instructors take a customized approach to teaching music—focused on addressing each student's individual needs in an encouraging and patient way.

Every now and then we encourage students to get together for performances to play individually or in a group right here at MINDWORX! Say goodbye to boring recitals-our performance sessions are seriously amped-up to make playing in front of an audience more kid-friendly and more FUN!

Mindworx Music Lessons are laid back and different from the traditional setting. We believe that learning how to play an instrument should be fun and should be taught in a space students enjoy spending time in-- that's why we have created a system in an atmosphere that brings out each student's potential! Stop by and visit us in our colorful music studio!
