Minecraft:

Minecraft Animators

Create the next popular animated Minecraft video on YouTube! Practice the same skills professionals at Pixar use. Discover the process of keyframing and tweening.

Minecraft Redstone Engineers

Take the next step beyond simply "playing" Minecraft and become a true Redstone engineer. Expand your Redstone knowledge by constructing your own carnival!

Minecraft Modders

Use your favorite game to learn the basics of modding and foundations of programming. Learn script and logic statements as you create your first mods!
3D Game Design:

Rocket Kart Racers

On your marks, get set, create! Blast off in making your first 3D Mario Kart® and Crash Team Racing® style game! Design your own tracks and customize karts and characters.

Battle Royale: Make Your First Fortnite Style Video Game

Fans of Fortnite we need you! Instead of playing the game, design your own using a professional 3D game development software, and build levels and assets.

Video Game Animation

Take your game design skills to the next level by creating and animating your own characters, objects, and backgrounds. Develop personalities, signature moves, special powers, and a storyline.

Roblox:

Roblox© Makers

Unlock the power of ROBLOX® Studio, the world creation tool used by real-world ROBLOX® developers! Learn how to build 3D models and create an adventure in your ROBLOX® world.

Roblox© Coders & Entrepreneurs!

Discover how to code in the Lua language while playing and designing worlds in ROBLOX®, an online universe where you can create anything you dream of.

Digital Arts:

YouTube Content Creators

Find your voice and leave your mark on the world! It's time to start a career as the next YouTube star. Explore the variety of content and personalities that exist on YouTube and learn how to find your own niche.
